

JEREMY HINDLE

Ceded Re and Underwriting Risk Manager - XL Re Ltd

Jeremy is responsible for the overall structure and placement of all external retrocession for the Group. He is also responsible for managing the underwriting risk profile and exposures. This includes monitoring XL Re's exposure to natural catastrophes as well as accumulations from non-elemental exposures. This would include developing Realistic Disaster Scenarios resulting from terrorism, pandemic flu, or other scenarios impacting the P&C business.

Jeremy previously ran the Property Treaty Department for XL Re Europe Limited with oversight of their branch network covering Paris, Le Mans, Cologne, Madrid & Toronto having been seconded from Bermuda to join Le Mans Ré for their first renewal season at the end of 1999. Prior to this he had been with XL Re Ltd, having joined Mid Ocean Re in 1993 as International Underwriter. Prior to this, from 1982 to 1993, he worked at Swiss Reinsurance Company (UK) Ltd. Jeremy received his Bachelor of Arts degree in European History from University College London in 1981.
