

ALEX HINDSON

Head of Enterprise Risk Management, Aon

Alex has extensive experience of delivering risk management solutions in the corporate sector. Since joining Aon he has led the development of a risk consulting practice delivering a wide range of risk management services including enterprise risk management implementations, business continuity management programmes and pandemic preparedness plans.

Prior to joining Aon, Alex worked in the chemical and pharmaceutical industry for 17 years, initially for ICI and then AstraZeneca. Originally a Chemical Engineer, Alex has ten years experience of risk and insurance management in industry, with an emphasis on the implementation of enterprise risk management through the embedding of key risk management processes within the business.

He has practical experience of industry, having worked as a production manager of chemical facilities as well as leading the integration of risk management processes into the business as Risk Services Manager. This involved leading a team of three risk advisers in developing and implementing risk workshops, business continuity planning and coordination of risk reporting for the Executive Team. Alex holds an M.Eng in Chemical Engineering and a MSc. in Environment Management and is a Fellow of the Institute of Risk Management and Institution of Chemical Engineers. He has been recently elected a Director of the Institute of Risk Management.
