

LLOYD'S ELECTRONIC CARGO CERTIFICATE (VERSION 2)

The LECC V2 system provides Lloyd's Marine Cargo insurance Certificates and First Notice of Loss details using an interactive end-to-end solution that offers real-time collaboration with the Assured, Brokers and Underwriters through a centralised Internet-based database.

New Facility - 'First Notice Of Loss'

- First notice of loss to be conveyed electronically and simultaneously to all parties with an interest in a loss
- Submission of survey or other reports to be conveyed by the same means
- Interface with Electronic Claims Files
- Development of loss reports
- Ability to view current claims status within the system

Other benefits

- Use of templates reduces the need to key in information saving preparation time
- Quickly generates detailed insurance reports
- Improved and more flexible reporting functionality
- Greater flexibility for both vessel and location validation
- Improved renewal/suspension functionality
- 3rd party verification facility for banks and consignees
- Real-time referrals and interaction with your brokers and underwriters
- Secure data confidentiality policy
- Electronic record keeping
- Automatic upgrades and system enhancements based on your feedback
- 24-hour, 7-day access from any internet enabled computer in the world
