We protect everything from building major constructions to rebuilding the World Trade Center.

Lloyd’s is an industry leader in protecting airlines and general aviation.

Lloyd’s covers risks in the stratosphere, ranging from satellites to galactic exploration.

We protect everything from building major constructions to rebuilding the World Trade Center.

Where our story began, more than three centuries ago.

Lloyd’s is a leading provider of data-breaches and data-security insurance.

Hurricanes, earthquakes, floods, tsunamis – Lloyd’s protects against the effects of natural disasters and climate change.

Where your story begins, more than three centuries ago.

An icon in the City and the home of your future career?
EMMA ATTWATERS

“I’D ALREADY GOT A PLACE AT UNI SO BEING ACCEPTED AS A LLOYD’S APPRENTICE MEANT SOME AGONISING AND TEARS!”

“AFTER A YEAR AS A LLOYD’S APPRENTICE I KNOW THIS IS THE CAREER I WANT TO PURSUE.”

FROM EARTHQUAKE AND HURRICANE DAMAGE, TO TERRORISM, FRAUD AND EVERYDAY ACCIDENTS, LLOYD’S IS IN BUSINESS TO PUT THINGS RIGHT.

In fact, for over 325 years the world has been coming to Lloyd’s to protect what’s important, through insurance. From the tragedies of the Titanic and 9/11, to natural disasters such as 2013’s Typhoon Haiyan in the Philippines, we are trusted worldwide to pay all valid claims, quickly and in full.

LLOYD’S CAN ARRANGE COVER FOR JUST ABOUT ANYTHING. THIS IS WHY LIFE HERE IS SO INTERESTING AND VARIED.

WHAT WE AREN’T:

A BANK

There is of course a Lloyds Bank – but that’s not us. We’re entirely separate.

WHAT WE ARE:

THE WORLD’S SPECIALIST INSURANCE MARKET

Lloyd’s itself is not actually an “insurance company”. We’re a marketplace, bringing together brokers (who represent clients needing insurance cover) with insurers who can offer that protection. Together they discuss each risk and then negotiate the cost and terms for cover to be arranged like any market, insurers compete with each other, although on larger risks they may also work together.

WHAT CAN WE PROTECT?

FROM SPACE TO CYBER CRIME

A new generation of risks, from galactic ‘tourism’ to the cyber theft of customer’s personal data, needs new kinds of cover. At Lloyd’s we have the vision, and the financial resources, to provide the protection the world needs.

FROM DREAMLINERS TO CRUISE LINERS

Footballers, actors, singers and people in many other roles arrange cover at Lloyd’s for a variety of vital body parts and senses.

THE GHERKIN, THE CHEESE GRATER, THE SHARD...

Lloyd’s covers aircraft and shipping, as well as bridges, tunnels, track and all kinds of transport infrastructure.

THE BENEFITS:

As an Apprentice you’ll earn a salary of £16,500, receive 25 days’ holiday, and enjoy benefits including private medical cover and a £200 clothes allowance to meet our dress code.

WHAT WE LOOK FOR:

WE’RE LOOKING FOR ENERGETIC PEOPLE WHO ARE INTRIGUED BY WHAT WE DO. YOU’LL BE SELF-MOTIVATED WITH AN ANALYTICAL MIND, A FEEL FOR BUSINESS AND HAVE GOOD PEOPLE SKILLS.

You’ll need GCSE Maths and English (grade C or higher) and you’ll currently be studying for A levels.

FOR THE NEXT LLOYD’S APPRENTICE PROGRAMME, WE ARE LOOKING FOR FUTURE THINKERS TO JOIN US.

BECOME AN APPRENTICE:

The next Lloyd’s Apprentice Programme will run for 12 months from 7 September 2015. After a week’s induction you will take up rotational placements at Lloyd’s, a broker and a managing agent.

Applications open on 17 November 2014 and close on 16 January 2015. Assessments will take place in March.

LEWIS BAXENDINE

“IT’S NOT ALWAYS EASY SINCE LLOYD’S IS SO SOCIABLE – BUT I’D SAY THAT’S A NICE PROBLEM TO HAVE.”

“I’M WORKING WITH UNDERWRITERS, HELPING TO ASSESS RISKS. I LIKE THIS ANALYTICAL SIDE (AND THIS MAY WELL BE MY FUTURE) BUT I ALSO ENJOYED MY BROKING PLACEMENT AND THE BUZZ AND ATMOSPHERE IN THE LLOYD’S MARKET.”

“YOU’LL NEED GCSE Maths and English (grade C or higher) and you’ll currently be studying for A levels.”
