The Lloyd's market has a long history of providing insurance to clients across the world on an informed and professional basis. Lloyd’s Global Trading Tools aim to help Lloyd’s underwriters, brokers and others working in the market to continue this tradition by providing the information needed to continue to transact this business as effectively as possible.

To deliver the Global Trading Tools, Lloyd’s monitors insurance legislation worldwide so that all Lloyd’s market participants, both in London and overseas are kept fully informed of international regulatory and taxation requirements thereby ensuring compliance with regulatory and fiscal requirements.

To be kept up to date with changes in regulatory and taxation requirements, Lloyd’s market participants are encouraged to register for access to Crystal www.lloyds.com/crystal

Sean McGovern
Director, North America & General Counsel

Since merchants first met to insure their ships at Edward Lloyd’s coffee shop over 300 years ago, nearly every aspect of the way we do business has changed. But one constant is the bold confidence proclaimed by our motto, reflected in both our unique appetite for risk and our worldwide reputation for settling valid claims.

Lloyd’s online business tools provide market participants with quick and easy access to international regulatory and taxation requirements.
