The Certificate Office within Agency are pleased to announce that there is now an alternative Certificate issuance system available to Brokers, Underwriters and their clients called (Lloyd's London Market Certificates) LLMC. This system is provided electronically by World Assurance's software application, QuickAssure.

The new system works in a similar way to the Oceanwide product currently in place however, certificates will be produced as 1 page documents (double sided), using the same layout as previous paper templates. This system is also compatible with a majority of web browsers including Internet Explorer, Mozilla Firefox, Apple Safari, Google Chrome and apart from your PC, you will be able to use this product on your i-pad, smart phone or blackberry. All users are able to generate reports and bordereaux's of relative business on screen and export them to pdf or XL formats.

For a demonstration or more details about this new product, please contact any member of the Certificates team via e-mail: [cert-orders@lloyds.com](mailto:cert-orders@lloyds.com)
