**SUBJECT:** QUARTERLY MONITORING RETURN (Q2/2005)  
**SUBJECT AREA(S):**  
**ATTACHMENTS:** None

**ACTION POINTS:** For use in completion of Form 5 of the QMR  
**DEADLINE(S):** 18 August 2005

To assist managing agents in completing Form 5 of the QMR, the top ten catastrophes during the 2001 to 2005 period to be reported for all syndicates are listed in the table below:

1	01G	Act of terrorism in USA
2	02E	Hurricane Lili
3	03A	US Adverse Weather
4	04C	Hurricane Charley
5	04D	Hurricane Frances
6	04E	Hurricane Ivan
7	04F	Typhoon Songda
8	04G	Hurricane Jeanne
9	04H	Earthquake and Tsunami
10	05A	UK and European storms, Erwin, Jan 05
11*	05C	Hurricane Dennis

\*Hurricane Dennis has been allocated Cat code 05C. While this windstorm would not normally be reported in the Q2 QMR, agents are required to include ultimate loss estimates for Hurricane Dennis as an eleventh major loss in the QMR in order that Lloyd's can assess the impact of this loss.

Agents are reminded that if they have any losses to be reported on QMR forms 5 and/or 14 that do not have XIS Catastrophe codes, they need to ensure that the loss has been allocated a major loss code. Details of the procedure for obtaining a major loss code will be issued in an e-mail from MSU later this week. The deadline for submission of requests for new major loss codes to Market Reporting is Wednesday 20 July.

In addition, managing agents are reminded that Form 19, Premium by class, must be completed for any syndicate with a 2005 year of account.
