I am writing to confirm the timetable in respect of the annual returns which must be filed with OSFI within 60 days of the year end. Agents are reminded that this deadline must be met in order to ensure that Lloyd's fulfils its Canadian reporting requirements. The timetable for this filing exercise is detailed below:

	<u>Key Date</u>
Hard copy cash and investment data available to Managing Agents on request.	Friday 15 January 2010
Provision of preliminary electronic packs by MF to managing agents via the MR web-site. <u>Agents should download their packs and supporting documentation from the web-site.</u>	Wednesday 27 January 2010
Submission of amended electronic packs by managing agents to MF (Market Finance).	Wednesday 10 February 2010 – before 4pm
Final aggregated P&C-2 to be sent to Canada by MF.	Friday 19 February 2010
Cash movement instructions to be returned to David Whitby, Settlements & Trust Funds, for value date 11 March 2010. <u>There will be a £50 charge for the additional work required for instructions submitted after noon on 4 March.</u>	Thursday 4 March 2010 – before noon

It is essential that any queries generated by the packs or otherwise should be raised well in advance of the deadline dates to allow MF sufficient time to revert to you. This is particularly relevant where queries relate to RBC Dexia investment and cash balances or

where, in extremis, an adjustment is required which cannot be made to the electronic packs which agents are updating.

Detailed instructions will be provided with the preliminary packs. Individual syndicate level data is aggregated and used in a single Lloyd's filing made to OSFI for the entire market; hence it is important that agents check the accuracy of the data in the preliminary packs.

This bulletin has been sent to all Compliance Officers of the managing agents. If you have any queries on the contents of this bulletin, please contact me or Stella Farrar (020 7327 6734, E-mail address stella.farrar@lloyds.com).
